Building Fund.

AUGUST 7, 2022

FIRST BAPTIST CHURCH
STATESBORO

WELCOME

we are excited to see you!

HELPING YOU START & STRENGTHEN
YOUR RELATIONSHIP WITH JESUS

FROM OUR PASTOR

A few weeks ago, our church sponsored Family Night at Splash in the Boro. A large crowd enjoyed the fun evening at this much-loved water park, and it gave our members a chance to invite others to learn more about our church.

Not surprisingly, one of the favorite attractions of Splash in the Boro is the Lazy River, where you simply sit or hold onto a float while drifting easily (and lazily) down the so-called river. No swimming is needed; no effort or exertion of energy is required. Simply drift your way along, letting the current take you where it will go.

Sadly, too many people approach their spiritual lives like the Lazy River. They just drift along, hoping that one day they will become closer to Jesus. But I've learned that nobody ever drifts closer to Christ, which only happens with intention, diligence, and focus. At First Baptist Church Statesboro, we want to provide you and your family with opportunities and environments where you can deepen and strengthen your faith.

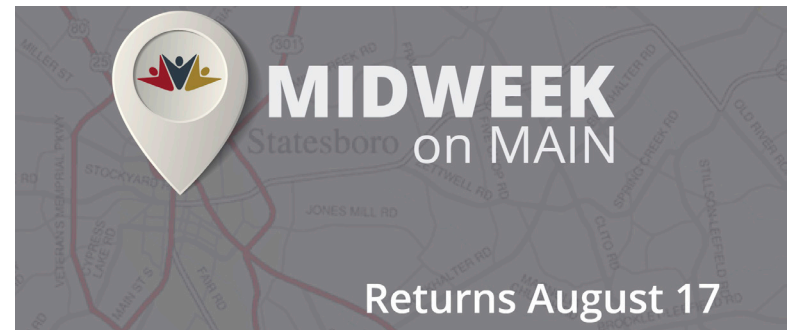

That's why we have Sunday School classes, age-level ministries, and various activities for people in every life stage. If you want to grow closer to Jesus, please realize that it won't happen by accident, and that this church is a community of faith where you can find relationships and encouragement, as well as a process for deepening your faith.

If you are new to Statesboro as an incoming student or a new resident, then we welcome you to join the journey all of us are taking together. I pray that First Baptist Church Statesboro will be a place where you can experience the upward-inward-outward life, which means living by faith (upward), living in community (inward), and living with purpose (outward).

Don't drift along in your spiritual life. Join your hearts and hands with others in a process that will take you closer to Jesus. Welcome!

JOHN WATERS
Lead Pastor
